27 November 2018

Personal details removed for proactive release

I refer to your email of 30 October 2018 in which you request the following under the Official Information Act 1982 (OIA):

1. *"How many scholarships have been awarded each year since 2015 to foreign students?*

2. *How many of those are under the NZ Aid Programme granting Official Development Assistance Funding?*

3. *How much funding has been paid under the NZ Aid Programme for foreign students each year since 2015 (all inclusive – travel, tuition, insurance, travel, living allowance pp)?*

4. *How many students from which countries have been funded each year since 2015 under the NZ Aid Programme?*

5. *Which different courses have been funded under the NZ Aid Programme since 2015?"*

The parts of your request have been numbered for ease of reference.

In response to part 1 of your request, I am advised that foreign students come to New Zealand to study through many pathways. The Ministry does not hold information on all of these pathways. We are only in a position to respond to your requests with information held by the Ministry relating to those supported by the New Zealand Aid Programme's Scholarships Programme.

Scholarships supported by the New Zealand Aid Programme are New Zealand's largest scholarship programme, with around 1700 Scholars from up to 114 countries currently undertaking study. The New Zealand Scholarships Programme currently includes undergraduate (for the Pacific and Timor Leste) and post-graduate tertiary study, English language training for officials from Africa and Asia, and short term vocational training in New Zealand. There are also tertiary-level scholarships for study in the Pacific (available to Pacific students) and English language training delivered in-country (for the four Association of Southeast Asian Nations (ASEAN) countries).

Further information about the New Zealand Scholarships Programme can be found on the Ministry's website at: https://www.mfat.govt.nz/en/aid-and-development/new-zealand-government-scholarships/.

Over the period 2015–2018, the Scholarships Programme offered the following scholarships as set out in the table below. For tertiary study, the numbers represent the number of new scholarships offered in the relevant calendar years.

	2015	**2016**	**2017**	**2018**
New Zealand Scholarship for tertiary study in New Zealand (calendar year) *[refer NZ Tertiary in Annex 1, Part 4 table for country breakdown]*	577	569	569	553
New Zealand In Country English Language Training (calendar year) *[included under NZ Tertiary in Annex 1, Part 4 table]*	75	100	100	100
New Zealand Scholarship for tertiary study in the Pacific (calendar year) *[refer NZRDS in Annex 1, Part 4 table for country breakdown]*	62	59	59	65
New Zealand English Language Training for Officials (calendar year) *[refer ELTO in Annex 1, Part 4 table for country breakdown]*	96	152	192	196
New Zealand Short Term Training Scholarship (financial year) *[refer STTS in Annex 1, Part 4 table for country breakdown]*	151 FY 14/15	197 FY 15/16	318 FY 16/17	318 FY 17/18
TOTAL	**961**	**1077**	**1238**	**1232**

For part 2 of your request, all of the scholarships offered in the above table were funded via Official Development Assistance.

To expedite a response to parts 3-5 of your request, we have focused on the aspects that can be retrieved and released quickly from Ministry records for the New Zealand Scholarships Programme. Annex 1 contains a table of information for each type of New Zealand Scholarship, by country, and by year since 2015. This information relates to scholars that are funded under the New Zealand Aid Programme.

For the subparts of part 3 (i.e., travel, tuition, insurance, travel, living allowance per person), I am advised that to research and compile the relevant information for each of the 1700 scholars, for each year since 2015, is likely to require substantial collation. This would comprise a large amount of work for the Ministry and would unreasonably affect our operations. I am also advised that because some of the information is held by financial year, and some is held by calendar year, it may be difficult to provide you with a comprehensive response. In addition, providing the information in subparts 3 of your request could raise privacy considerations where a foreign student participating in the New Zealand Scholarships Programme could potentially be identified through the release of the information you are seeking in this part of your request.

For part 5 of your request, to identify the wide range of different courses taken by the 1700 scholars by country since 2015 is also likely to require substantial collation, which would comprise a large amount of work for the Ministry and would unreasonably affect our operations. We have instead sought to provide you with some information by scheme in Annex 1.

Accordingly, I am refusing the subparts of part 3 and part 5 of your request under section 18(f) of the OIA as the information requested cannot be made available without substantial collation or research and would unreasonably interfere with the Ministry's operations. As required by section 18A of the OIA, we have considered:

- Fixing a charge under section 15 of the OIA. Charging would not address the fundamental difficulty of the extensive combined scope of the subparts of part 3 and part 5 of your request.

- Extending the time limit of your request. I am advised that neither this step, nor consulting further with you as to the scope of the subparts of part 3 and part 5 of your request, would enable the request to be granted without unreasonably interfering with the Ministry's operations.

Please note that this letter (with your personal details redacted) and enclosed documents may be published on the Ministry's website.

You have the right under section 28(3) of the OIA to seek a review of this response by the Ombudsman.

Yours sincerely

Wendy Adams
for Secretary of Foreign Affairs and Trade

Annex 1: Tables of data

Part 3 of request: Financial expenditure for the Scholarships Programme by year (includes New Zealand)

Financial Year	Spend
2014/2015	$62,414,814
2015/2016	$67,656,789
2016/2017	$76,728,765
2017/2018	$78,720,272

Number of scholarships funded by country and scheme

note: this is the total number of scholarships funded each year. i.e. scholars can be included in multiple years. ICELT scholars are included in the NZ Tertiary figures
